

I Miss You

**Each morning when I wake up
My first thought is of you
Are you happy up in Heaven?
Your body made anew**

**Do you play with other children?
And have quiet talks with God?
Walking hand in hand with Jesus
Where all the Angels trod**

**How I miss your precious smile
And the twinkle in your eyes
As I look up into Heaven
In a bright and star filled sky**

**I wish that I could see you
And in the memory of my mind
You're flying high across the Heaven's
Until the end of time**

**I know we'll be together
Surrounded by God's love
Where flying all around us
Will be angel's up above**

**Our dear departed loved ones
Will be forever at our side
No more tears or empty sorrows
For in His love we'll all abide**

**I miss you so my heart breaks
With every beat it makes
Yet the comfort in God's promise
Is all it ever take's**

**To know that God had chose me
To care and tend to you
To love you and to keep you
Until your time was through**

**Now I wait upon my calling
To join you in His grace
In a grand and glorious home
Yes, Heaven be the place**

**There are no other words
To express all that I feel
I promise that I miss you
And that you know is real**

**I will always keep on loving
And forget you I will not
But God will heal my broken heart
And fill the hole I've got**

**Please know that I have longed
To hold you close to me
Someday up in the Heaven's
It will happen, you will see**

**You are so precious to me
And forever I'll love you
I'll miss you every second
And this I promise you**

**That someday we'll meet again
In the glory of God's Love
In a home that we'll call Heaven
Far up in the sky above**

**So when I think of you now
I will know that you are there
Watching over me with gladness
And tender loving care**

**Everyday I ask God to tell you
That I love and miss you so
And to keep you real close to me
Because I never wanted you to go**

**But God's great plan was finished
Yes, all your time was through
And all I can do now
Is forever just miss you.**

I Miss You!!!!
